

A **LDERNEY ELECTRICITY LTD**

Alderney Electricity Limited Meter Audit

Dear Customer,

At the Alderney Electricity Consumer forum on 23 July 2013 the then Chairman, Mike Richards said that there was, following the discovery of the double billing of The States of Guernsey and ongoing review of all meters. To assist with that review Alderney Electricity will be conducting an audit of all domestic meters during the first three months of 2014.

All pre-payment meters will be audited between 2 January 2014 and 9 January 2014.

All other meters will be audited and visually inspected during your normally quarterly reading period - see Annex A

Thank you for your co-operation.

Alderney Electricity Ltd
