

# Trainee Linesman

## Alderney Electricity Ltd

Alderney Electricity Ltd (AEL) is the sole provider of electricity to the island of Alderney. From our power station at York Hill, we generate and distribute electricity through a HV/LV network to homes and businesses across the island. We also supply fuel oils for transport and heating.

We're entering an exciting new chapter, transitioning toward renewable energy and upgrading vital island infrastructure. As part of this journey, we're looking for a Trainee Linesman to join our skilled and friendly team.

### **What You'll Do**

In this varied and hands-on role, you'll be involved in:

- Training to become competent in high and low voltage (HV/LV) distribution network operations
- Learning cable jointing through internal and UK-based courses
- Learning to install new electrical supplies to properties
- Working to meet all AEL's safety standards and procedures

### **What You'll Bring**

- Ability to work independently and within a close-knit team
- Flexible, proactive attitude and good problem-solving skills
- Willingness to undertake further training, both on and off island
- A basic understanding of electricity and trade skills would be beneficial, but not essential as full training will be provided

### **Why Join AEL?**

- Competitive salary
- Excellent benefits including pension and healthcare
- Real opportunities for progression and professional satisfaction

### **Ready To Apply?**
